School of Education Alumni Day – Saturday, April 17, 2010

Vote on Curriculum and Policy items. (Agenda items were e-mailed to faculty February 25, 2010).
Motion was made by Dean Chitwood to approve C&P items. Dr. Rosemary Oliphant-Ingham made motion to approve and seconded by Dr. Kim Hartman. All items approved unanimously.

Next SOE Faculty meeting – April 30, 2010 @ 2:00
School of Education  
Faculty Meeting  
February 26, 2010  

Welcome by Dean Chitwood  

Dr. Morris Stocks – Provost and Vice Chancellor for Academic Affairs  
At a recent IHL board meeting Commissioner Bounds made a presentation of the factors that were critical to the success of the state of Mississippi as it relates to higher education. Dr. Bounds laid out strategic goals for each University about the number of baccalaureate degrees each University needed to grant by 2025. They are very aggressive goals. Last year we granted about 2500 baccalaureate degrees and our goal for 2025 is 4400 baccalaureate degrees.  

The second point of Dr. Bounds’ presentation concerned teacher preparation. He has a goal that we will get to the national average in the production of teachers as it relates to our population and he’s laid out some goals for each school of education in the state. The goals are also very aggressive. They are even more aggressive when we realize the budget constraints that we’re facing right now. So, Dr. Stocks’ point to the committee is everyone has a huge job to try to identify a dean who can lead us through that process in a very tight fiscal situation. Dr. Stocks believes, based on Dr. Bounds background, that the productivity of all universities will be closely scrutinized in the future. He also believes the productivity of schools of education will be more closely scrutinized than other aspects of the university.  

Dean search update by Dean Chitwood  
20 applicants. Wrapping up stage 2 screening and committee will determine top candidates to bring in for campus interviews.
